James Bosse
Director of Buildings and Grounds

Buildings & Grounds Committee Meeting

Date: November 5, 2019
Time: 7:35 p.m.
Location: District Office Board Room

Members in attendance: R. Maginniss, P. Michaluk, B. Burns, E. Pellati, J. Bosse
Others in attendance: S. Gellar, R. Antonello, P. McCann

Masera Elementary School: The committee discussed the costs related to maintaining the building in anticipation of a potential sale/lease. A community forum will be held during the December Board meeting to discuss the status of the property.

Bond Update: Mr. Bosse provided an update on the bond projects, including the technology and music suites, playgrounds at Bayview and Oquenock, sound and lighting of middle school auditoriums, the high school security vestibule, and the security checkpoint on Lions Path. The bidding period for Phase 4b bond work is November 14 through December 4, and bids will be opened on December 4. It is anticipated that winning bids will be approved at the December Board meeting. BBS anticipates submitting Phase 5 bond work to the SED by December 13. Currently, the review process takes 10 to 12 weeks, so SED approval is expected mid-March.

Winter soccer club tournament: The West Islip Soccer Club has requested the use of multiple buildings on three separate weekends in February. Other community groups and permit applicants may be affected; Mr. Bosse will provide more information to clarify the implications to the district and facilities.

Solar PV Request for Proposals: The solar PV request for proposals was extended 10 days so an addendum could be distributed. RFPs are expected to be open by mid-November.

The meeting adjourned at 8:20 p.m.
